New course

Over 80 students from various engineering colleges would participate in a summer training programme conducted by the Xavier Institute of Management, Bhubaneswar (XIMB) in association with Nettech, a city-based networking company. The first batch of the certificate in network management (Linux Environment) would commence from May 17, while the second will be in the first week of June. "There is a growing demand for Linux in every area of IT industry," said

G.K. Nayak, professor of information systems, XIMB.
