MoUs for better networking

BHUBANESWAR, Nov. 1. — The Bhubaneswar based networking company Nettech has signed two separate MoUs with the Xavier Institute of Management, Bhubaneswar and the Xavier Labour Relations Institute, Jamshedpur to conduct a certificate programme in network management in May 2005.

Dr GK Nayak, former dean and professor of information system is the programme coordinator here while Dr AK Pani will be the coordinator in Jamshedpur. Students from Orissa, Jharkhand, West Bengal, Bihar, MP and Chhattisgarh will participate.

Both programmes have been designed to increase knowledge of Linux and Linux-based solutions, giving customers the confidence they need. Nettech in association with both B-schools will offer an intensive 30 day course on Linux services. — SNS
