## Nettech workshop in Kalimpong

Statesman News Service

KALIMPONG, Nov. 17. — Nettech, a networking firm based in Bhubaneswar will be conducting a ten-day workshop in Network Management (Linux Environment) at the BB Pradhan Management College from tomorrow.

"This ten-day workshop will be highly influential for the overall development of our management students," Mr Dushant Thapa, faculty member of BB Pradhan Management College said.

He confirmed that this workshop will be the first-of-its kind in the region. "The programs are designed to increase the technical knowledge base of Linux and Linux-based solutions in the market today, giving customers the confidence they need. Li-

nux is the fastest growing server operating environment and Nettech is making a significant commitment in driving Linux into the enterprise. Hence such networking will benefit the students highly," the CEO of Nettech, Mr Swapan Purkait said.

A total of 53 students participate in this ten-day workshop. With the completion of the course, Novell, a leading provider of Net Services Software, will hand over to the participants a certificate each.

Significantly Nettech has also signed two separate MOUs with Xavier Institute of Management (Bhubaneswar) and with Xavier Labour Relations Institute, Jamshedpur for conducting such certificate programmes in Network Management come 2005.
